Save Your Photos Month Starts Tuesday 9/1

There is no challenge that you can't meet... and that includes the current one.

Join us in Save Your Photos Month

Vision to be Organized announces its participation in Save Your Photos Month 2020, a public service outreach campaign developed by The Photo Managers to teach consumers how to preserve life's irreplaceable photos, videos, and documents, in case of an unforeseen accident or disaster.

Throughout the month, Vision to be Organized in collaboration with The Photo Managers will present a robust agenda of classes created and presented by independent professionals and fellow members of their educational community. Save Your Photos Month is an annual campaign open to anyone interested in help managing their photos, in any format.

40 Classes offered

“Modern technology has turned our phones into cameras, ready to snap a photo or video at any moment”, says The Photo Managers Founder and CEO, Cathi Nelson, “But this

quick and prolific content creation can also be a burden, creating more than we can adequately manage with the risk of losing precious memories in the process.”

This year we Save Your Photos Month will present more than 40 short classes developed by photo Pros, covering topics such as “iPhone Photography Tips and Tricks”, “Cherishing Your Child’s Memories”, and “**Tackle Your Family History**” (**FYI Christie's Class**). These fun and engaging classes are a great way to focus on simpler times and happier memories during this challenging season.

Vision to be Organized and The Photo Managers invite anyone interested in learning more about this exciting field and growing area of professional service to join in online at www.thephotomanagers.com as well as social media at [@thephotomanagersofficial](https://www.instagram.com/thephotomanagersofficial).

Please follow us here on these social media platforms for updates.
