Preserve Your Memories, Share Your Legacy

World Backup Day

Do you back up your computers, devices, phones, photos, files, etc.? Well, today March 31st is **WORLD BACKUP DAY**. So go do it now and save your electronics and data. Be prepared against data loss and data theft. What is a backup? A backup is a copy of all your important files — for example, your family photos, home videos, documents, and emails. Instead of storing it all in one place (like your computer or smartphone), you keep a copy of everything somewhere safe. #WorldBackupDay
